

# Twigs Garden Club

---

*"The love of gardening is a seed once sown that never dies." ~ Gertrude Jekyll, garden designer*

---

*Denise Hoy is the Organiser for RSVP's first Garden Club, and this is what she has to say about her aims for its future.*

**TWIGS** has been formed with an idea of bringing together a social venue with one common denominator.

**TWIGS** aims are to be "FEE FREE" and "SELF FUNDING", not to mention Socially Active, with a meeting once a month, all discussing PLANTS.

**TWIGS** has a plant swap scheme which operates to help generate another discussion point and also generate garden stock by swapping your garden excess in exchange for garden new.

**TWIGS** members are "Twiglets" each one forming a branch of knowledge building a Garden Tree.

**TWISTING WINTER**  **INTO GARDEN SUMMER**

I am hoping to be able to bring people together all having built a mountain of knowledge over the years, so as to be able to share this knowledge and enjoy doing it, with no cost just 1-2 hrs a month having tea, coffee and eating bikkies or home bakes and having a chat.

In the future & with self-funding, I hope that we are able to purchase some seedlings or even manage a visit to a Garden attraction.

There is much potential with a variety not yet known to be explored.

*Denise Hoy*
